WACT finances 2024 – Highlights

- 2024 a healthy surplus on the back of lower expenditure and reduced income
- Our accounts show a surplus of £117000
- We spent more on maintenance and less on restoration in 2024
- At the end of 2024 we had more money in the bank than in 2023
- The reduction in large restoration projects came with a reduction in financial contributions from our much valued members and supporters
