DIRECTORS' REPORT FOR THE YEAR ENDED 31ST DECEMBER 2023

The directors present their report and the financial statements for the year ended 31 December 2023.

Directors of the company

The directors who held office during the year were as follows:

Julian Morgan

Lyn Nash

Principal activity

The company is responsible for commercial activities that raise funds for The Wey & Arun Canal Trust Limited, a registered charity. The principal commercial activities are (a) operating boats for charter and public trips and (b) the sale of publications and merchandise.

Business Review

2023 was a challenging year for the company. In early April, criminal damage occurred to canal pumping equipment at Loxwood. This equipment is essential to ensure the water supply and regulate water levels efficiently. Staff and volunteer teams acted quickly to enable some boat trips to continue, but with restrictions as some pumps were out of action while others could only be operated manually. Thanks to these constraints and another very dry summer, boat trips had to be suspended from mid-July until November. Compared to 2022, when the summer weather was also very dry, boat trip revenue was only slightly reduced. This was largely thanks to the exceptional effort of volunteers who organised and delivered special trips in the first part of the year and in December. Private trip business was similar to 2022, but the number of passengers on public trips was substantially reduced. Sales of merchandise were slightly lower than in the previous year. The company made a profit of £25,694, compared to a profit of £25,531 incurred in 2022. £23,531 was donated to the parent company in the year (The Wey & Arun Canal Trust Ltd).

During the year no major spending on boat maintenance was necessary. Costs associated with obtaining passenger certificates from the Maritime & Coastguard Agency continue to increase significantly.

Our assessment is that in the next few years we do not expect a return to the revenue levels seen in the years up to 2019, although some modest increases may be possible. The operation of boat trips is subject to external factors such as dry weather, which may well become more frequent. The availability of volunteers is a concern and the regulatory requirements on boats and crews are becoming more onerous.

Small companies provision statement

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST DECEMBER 2023

1. GENERAL INFORMATION

The company is a private company limited by share capital, incorporated in England and Wales.

The address of its registered office is: The Granary, Flitchfold Farm, Vicarage Hill, Billingshurst, West Sussex RH14 0RH.

2. ACCOUNTING POLICIES

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable in respect of charters, trips and the sale of goods in the ordinary course of the company's activities. Turnover is shown net of value added tax and discounts.

The company recognises revenue when:

- the amount of revenue can be reliably measured:
- it is probable that future economic benefits will flow to the entity; and
- specific criteria have been met for each of the company's activities.

Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class Depreciation method and rate

Boats 20% straight line basis

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.
